

Third floor

ADRIFT, Launchpad Briefing Room 19.45–20.00, 20.30–20.45, 21.15–21.30

Acclaimed poet and writer Tom Chivers performs new work and shares research from his latest project, ADRIFT – as Cape Farewell's first poet-in-residence. Join Tom as he explores the natural landscape of the city: the peat bog underneath Elephant and Castle, Battersea's tidal loop and London's bricked-up rivers. Hear more about climatic shifts, and discover what an urban pilgrimage is today.

This event was brought to you in collaboration with arts organisation Cape Farewell.

The Harmonics of Wind, Flight 19.30–20.10, 20.30–21.10

Luminary sound and visual artist Max Eastley, member of the Cape Farewell Project, joins Aleks Kolkowski, the Science Museum's Sound Artist in Residence, in a musical exploration of air currents using Aeolian-inspired instruments, monochords, Arc, zither, Stroh violin and archaic recordings.

This event was brought to you in collaboration with arts organisation Cape Farewell.

Launchpad – including science shows 19.00–21.40

Shows: 19.30, 20.00, 20.30, 21.00

You remember it well from when you were nine... and if you don't, now's your chance to realise what you missed. Exercise your mental muscle through interactive science fun with no kids between you and the big red buttons to press.

Speed Dating, Launchpad City 20.15–21.30

This could be your chance to meet the person of your dreams... or possibly nightmares. There's also a free drink thrown in for all daters.

Limited numbers, buy tickets early to avoid disappointment.

Charge £10, free to members. Tickets can be purchased from the main ticket desk on the ground floor.

Fly with the Red Arrows in Fly Zone All night, charges apply

Discover the thrill of flying in the cockpit of a Red Arrows jet in our breathtaking Red Arrows 3D flight simulation theatre.

Half-price Lates special offer – £3 per ride. Members go free.

September Lates at the Science Museum has been part-produced in association with the arts organisation Cape Farewell, pioneering a cultural response to the climate challenge.

Useful information

Food and drink

Enjoy a bite to eat in the Energy Café or Deep Blue Diner on the ground floor and grab a drink at one of our bars. All bars are cash only. An ATM is located between the Shop and the Energy Café.

Shopping

The Science Museum Shop is open and located on the ground floor.

Toilets/Cloakroom

Toilets are located on the ground floor, second floor and in the Launchpad gallery on the third floor. A cloakroom is available on the lower ground floor.

Come again

The next Lates will be held on Wednesday 31 October – visit sciencemuseum.org.uk/lates for more information.

Talk to us

Remember to complete a survey form before you leave so we know what you enjoy at Lates (available from the main exit). If you have any questions about Lates, e-mail lates@sciencemuseum.org.uk.

And remember, if you're talking about Lates on twitter, please use #smlates to help others find your opinions, photos and videos.

FameLab

TALKING SCIENCE
in association with **EDF ENERGY**

SPARKING A NEW GENERATION OF SCIENCE COMMUNICATORS

The search is on for the new voices of science communication! The Science Museum is hosting heats of FameLab, the UK's biggest competition to discover new talent to engage the public in science and engineering. Heats will take place on 31 October and 17 November 2012.

If you think you can explain a concept on science, mathematics or engineering in just three minutes, visit famelab.org/uk to register.

Previous winners have gone on to travel the globe, inspire school children and feature on the radio and TV.

For more information visit: famelab.org/uk

A night for adults 18 You may be asked for ID

PRICELESS LONDON

MasterCard

MasterCard is delighted to be partnering with Science Museum Lates, where each month we will be hosting the MasterCard Bar for cardholders who have registered in advance. You can find out about all the latest London offers and special events, including the MasterCard Bar at next month's Lates, by visiting pricelesslondon.co.uk.

The SMG Customer Charter aims to deliver world-class customer service and a life-enhancing experience for all our visitors.

Certified FSC® 100% recycled paper.

Department for Environment Food and Rural Affairs
The Patrons of the Science Museum
Members of the Founders Circle:
Climate Changing programme

Welcome to Science Museum Lates with MasterCard

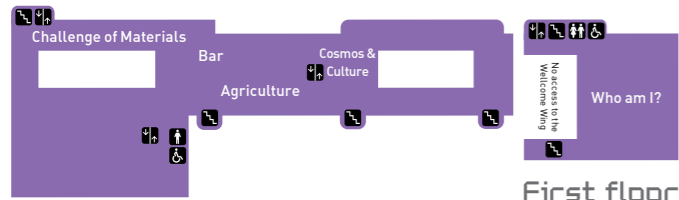

This month Lates brings you more about climate science and the past, present and future of our planet.

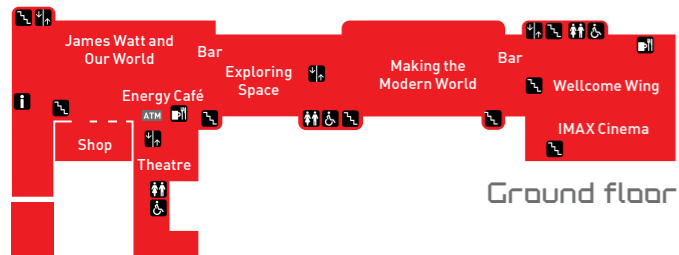

Third floor

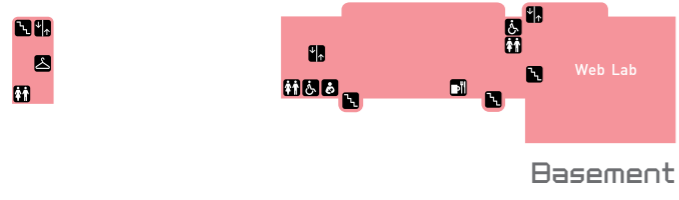

Second floor

First floor

Ground floor

Basement

Basement

Web Lab

All night

Enter *Web Lab*, a series of interactive Chrome Experiments made by Google bringing the internet to life. Join online visitors to create music together, watch your portrait being drawn by a robot and discover more besides in this first-of-its-kind web-based exhibition.

Ground floor

Silent Disco, Exploring Space

19.30–21.40

Whether you're practising your moves or just in the mood to slam dunk the funk, grab a headset, select your tunes and dance until you drop. The Science Museum does not accept responsibility for the quality of some of the moves you will see this evening.

The Pub Quiz, Energy Café upper floor

20.00–21.00

Come to our Pub Quiz. It's now an institution, with fantastic treats for the winners. Losers get directions to a library for extra swotting.

Places limited to 70 visitors. Charge £2, free to members.

Doors open at 19.30 for prompt start at 20.00.

Punk Science, IMAX Cinema

20.15–21.00

In this month's Punk Science comedy spectacular we'll be seeing if we can use psychology to make you greener and challenging the audience to experience a climate change simulator. Also, for the first time ever we'll be joined by special guest Simon Watt from TV's *Inside Nature's Giants*. So, if you're the kind of person who's stupid enough to attend a lecture given by idiots, this is the show for you.

Places limited to 400 visitors.

Cockroach Tours, meet at the front of

Making the Modern World

20.00–20.30, 21.00–21.30

Put yourself in their shells. Take a Cockroach Tour of the Science Museum and get a quirky and inquisitive take on the human race.

Freeze Frame, Making the Modern World

All night

Calling all wannabe Antarctic explorers! Why not trek the distance to our *Making the Modern World* gallery where you'll find the iconic Sno-Cat, the very machine that transported Sir Edmund Hillary and Sir Vivian Fuchs across the Antarctic in 1958. Here we invite you to dress up as the historic explorers to capture this moment with your very own victory photograph.

Upcycling Time, Wellcome Wing

All night

You've done recycling, so now try upcycling. In this workshop you get to give rubbish a second lease of life by making the useless useful. We give you the opportunity to turn old Science Museum junk into your very own clock.

North, The Theatre

19.30–20.00, 20.30–21.00

North is a live performance lecture – accompanied by music and film – following the fictional first trans-Arctic expedition to sail to the North Pole. The enigmatic Dr Clawberry, sole survivor of the expedition, presents his findings and gives a vivid account of the unexpected and startling discoveries made by the expedition team.

Limited numbers. This event was brought to you in collaboration with arts organisation Cape Farewell.

Drawn Together, James Watt and Our World

All night

Come and draw the impressive machinery from the Industrial Revolution and ponder how this period has effected our current climate. With artist Kimbo Silver.

First floor

MasterCard Bar, by Challenge of Materials

18.45–21.30

The MasterCard Bar features an exclusive expert speaker and workshop for those guests who have pre-registered on pricelesslondon.co.uk.

Gallery tour of Who am I?

19.30–20.00

Do our genes define who we are or does nurture still have an important effect? Join us on this tour to see how genes impact on our whole lives and beyond.

Suitable for deaf and hearing visitors.

Gallery tour of Challenge of Materials

20.30–21.00

From a bridge made of glass to rubber that mimics plants, explore the materials that surround us on this tour of the *Challenge of Materials* gallery.

Suitable for deaf and hearing visitors.

The Lates VIP area, Cosmos & Culture

All night

Calling all Science Museum members and Corporate members. Visit our VIP members' area, where you can pick up your free drink and sugary treats, and enjoy our giant games.

For priority member queues you must arrive at least 10 minutes before the event starts (limited allocation). Please note we are currently not accepting new members.

Tara Expeditions: The Oceans and Climate Change, opposite Agriculture

19.30–20.00, 20.15–20.45, 21.00–21.30

Every second breath humans take relies on microscopic plant life in the oceans, but environmental change can overwhelm it. For the past three years, the French research vessel *Tara* has been exploring the oceanic ecosystems of the world, from the Poles to the Equator. Come and discover the treasures from this ongoing global-scale adventure, and see the beauty of planktonic organisms and their sustaining role in system Earth. *This event was brought to you in collaboration with arts organisation Cape Farewell.*

Climate Change, Your Umbrella and You, next to Cosmos & Culture

19.20–19.50, 20.15–20.45, 21.00–21.30

Does climate change mean an end to those rainy British summers? Time to ditch your umbrella for a bucket and spade? Find out what's really happening with climate change in the UK and what we can do about it. Join our experts from the Grantham Research Institute on Climate Change and the Environment for an entertaining and interactive session – featuring games, live caricatures from cartoonist Luke Warm, and prizes to be won.

Limited numbers. This event was brought to you in collaboration with arts organisation Cape Farewell.

Plant the Future, Agriculture

All night

Trees act as a carbon sink and provide oxygen to our atmosphere. Come and give Earth's lungs a helping hand by planting and growing your own tree.

Second floor

Gallery tours of Atmosphere ...exploring climate science

19.45–20.15, 20.45–21.15

Atmosphere is the Science Museum's innovative gallery looking at the science of the climate. Come and enjoy a free tour with the exhibition developers.
